Twinrix Adult & Paediatric	GSK	No Latex
Typhim Vi	Sanofi	No latex 2
Vaqta Adult & Paediatric	MSD	*Syringe plunger stopper and tip cap contain dry natural latex rubber.
Varivax	MSD	No latex

Key:

No Latex- . Does not list as an excipient and does not list latex allergy as contraindication.

No Latex 2. Components do not contain latex. However, it should be remembered that although some vaccines are produced in latex-free presentations, it still could be theoretically possible for them to come into contact with latex proteins during their manufacturing process

***Latex caution:** "Use caution when vaccinating latex-sensitive individuals since the vial stopper, the syringe plunger stopper and tip cap contain dry natural latex rubber that may cause allergic reactions

****Tip Cap** May cause allergic reaction in latex sensitive individuals
